

Nevada Ready! Birth-3rd

Become a Pilot Site

Join us in our mission to enhance the trajectories of *all* children by creating an infrastructure that builds the strongest educational foundation possible for children from birth through 3rd grade.

Help us create new transitions for children as they grow and develop—from the birth and toddler years into PreK programs and on to Kindergarten to 3rd grade. This is an opportunity for your school to receive free training and strategies while merging two systems together.

Why become a Nevada Ready! B-3 pilot site?

Contribute to a state-level effort to craft recommendations for how to reform elementary schools and their relationships with community early learning programs.

- ▶ Receive free technical assistance and training
- ▶ Guidance from national and local experts to dramatically reform your school's and communities' *early learning culture*, using teachers' expertise
- ▶ Engage in cutting-edge partnership work with your community-based early learning programs.
- ▶ Benefit from national experts and approaches that support and engage teachers
- ▶ Share and participate in a series of strategies and collaborative meetings among sectors
- ▶ Collect and use data to help achieve each child's brain development

Who should apply?

We encourage all elementary schools that demonstrate a clear and compelling partnership with one or more community-based early learning programs to apply.

Our Vision:

Nevada's children will be safe, healthy, and thriving during the first eight years of life, and the system will support children and families in achieving their full potential.

Nevada Ready! B-3 supports implementation of developmentally appropriate, research-based, rigorous practices for all teachers and administrators across the B-3 continuum, and aims to connect policy with practice.

Our national experts:

- ▶ FirstSchool
- ▶ Snapshot, Inc.
- ▶ National P-3 Center

Our local experts:

- ▶ Turning Point, Inc.
- ▶ University of Nevada, Reno

FUNDING FOR THE NEVADA READY B-3 PROJECT PROVIDED BY THE FEDERAL PRESCHOOL DEVELOPMENT GRANT.

“School-community partnership is a core value of this pilot work as the B-3 continuum aims to bridge the two different systems between 0-5 and K-3rd.”

HOW TO APPLY:

1

SUBMIT LETTER OF INTENT:
APRIL 12, 2017

2

ATTEND ONLINE TECHNICAL ASSISTANCE WORKSHOP:
APRIL 14, 2017

3

SUBMIT APPLICATION:
MAY 15, 2017
