	so effectively.					
Oz	Provide family guidance in health settings.					
S1	In pediatric settings, expand Reach Out and Read, a nationally proven approach that provides parental guidance and free age-appropriate books during each well-child visit from birth through age 5. Measures of progress include the number of health settings engaged, program sustainability, the numbers of families served and books distributed, and the impact on family behavior and satisfaction					
S2	(via family surveys and health care provider feedback).					
03	Expand individualized support for families that may benefit most.					
<u>S1</u>	Conduct an updated assessment, led by Nevada Home Visiting, to determine the scope and nature of family need and to identify system enhancement opportunities. Explore doing so with the involvement of multiple agencies that directly serve Nevada families with young children. Engage families directly in this process to gain perspectives on how the system of support could serve them best. Pursue crosswalk training for Nevada Home Visiting staff and Nevada community health workers. In so doing, expand the workforce that has the capacity to be a resource for personalized early childhood health and development support for families.					
	Promote greater use of the Nevada 211 and Nevada Home Visiting Resource Directory in order to refer					
S3	families to needed services and follow up to ensure that they obtain the help they want.					
S4	Build linkages between home visiting staff and schools.				Nevada Home Visiting	
04	Expand community-based learning opportunities for young children and their families.					
S1	Expand family story time in local libraries.					

S2	Make libraries a) hubs for the promotion of other local learning programs for young children and their families and b) partners with school districts in their communities to provide learning resource information to families.
S3	Engage local school districts, Nevada 211 and other entities that serve families on a large scale in promoting local out-of-school (OST) learning opportunities for families with young children.
S4	Encourage non-profit programs to offer services during non-traditional business hours to expand access. Strengthen family partnership throughout early grade education.
S1	Provide credit-bearing professional development on family partnership for early grade teachers and administrators.
S2	Conduct outreach to school districts to promote family partnership, including the implementation of PTA family engagement standards.
S3 S4	Objectives 1 and 4). Identify pre-K to K transition activities for children and families and promote in each district.
