Policy and Finance Subcommittee

Early Childhood Governance Resources

The following documents and links are posted on the Nevada ECAC website, [Policy and Finance Subcommittee](#) page, to ensure public access in alignment with Open Meeting Law Requirements:

- Guinn Center's Research Brief:

[From Crowded to Coordinated: Examining the Governance of Nevada's Early Childhood System](#)

The link above is a 7-page brief discussing key findings and insights derived from the full report, conducted by the Guinn Center in 2024. On this page you will also find a [link](#) to the [Full Guinn Report](#) for those who want to take a much deeper dive.

Also available, a link to the [Recorded Webinar](#) (also available on the full report page) for those who may want a video option. The webinar discusses the findings of the report and addresses audience questions

- **[Prenatal to Three Policy Impact Center: Early Childhood Governance](#)**

PN3 Policy Impact Center has conducted an extensive amount of research on early childhood governance systems, with a focus on the prenatal to three population. The information includes org charts for each state, charts showing where specific early childhood programs are housed by state, and several case studies they have conducted to-date on various governance structures.

- **[FINAL Kids First Nevada Case Study](#)**

- **[Pre-K Mixed Delivery Model](#)**

The Kids First Nevada Coalition was established in 2026 and is a statewide coalition focused on aligning early childhood programs and modernizing governance structures to improve access, efficiency, accountability, and outcomes for Nevada's youngest children.

- *Additional information on the Coalition will be forthcoming.*

- For those interested, here is the [Interim Committee Meetings List](#)
